Charles W. Ardrey, Esq., Cor. Nat.
14 East Michigan Street
Indianapolis, Ind.

Dear Sir:

Our attention has been called to the fact that the Organization of the 40-8 has a Badge.

We have the lapel badge, in both blue and white, but have not the regular insignia in our collection.

Would it be possible for our Museum to obtain one of these badges for exhibition purposes?

As perhaps you know, we have a very large collection of coins, medals, badges, etc., which is growing in importance steadily, and it is our desire to have represented every piece that it is possible to obtain for our Cabinets.

Appreciating anything you may be able to do in the matter, and thanking you for your courtesy in advance,

Very truly yours,

Curator
